

## TAX TAX TAX

Sales Tax: Nevada: 6.8% in NV but was 7.25% in Washoe and with passage of WC1 to 8.26%

Bet the politicians are just waiting for the ink to dry on WC1 before more taxes proposed. Plenty more waiting their turn from cops, fire, animal services, seniors, etc...

Bought gas in Washoe lately? Try going to Fernley (Lyon County) or Carson. Recently gas in Fernley was 54 cents cheaper than Washoe! That's because of RTC-5 that allows the RTC, without any further oversight, to raise it, not indexed to inflation as many report, but indexed to alleged construction costs. And it never ends!

Worth the trip to Carson or Fernley to shop, eat, gas up!

Property Tax goes up yearly: expect 3% next year (source City of Sparks)

Gas Tax goes up with out any vote.

Washoe County leads the state with more than 80 cents per gallon, going to the government. Everyone in the country pays a federal excise tax of 18.4 cents per gallon. Nevada charges an additional 23 cents per gallon, but the total taxes vary depending on which county you fill your tank. Washoe and Clark Counties have an additional tax. "Right now, the fuel tax in Washoe County, is about 43 cents," Joe Harrington, Regional Transportation Commission spokesman said. Washoe County voters approved indexing in 2008, allowing the local gas tax to adjust to inflation, every year.

When he's gone, do not relax,  
it's time to apply the Inheritance tax.
